

Bracelet Making Kit Guide

The Bracelet Making kit is designed to let your child be creative while practicing motor skills and spatial reasoning.

Age Recommendations

This kit is recommended for kids ages 8-12.

NOTE: This kit contains small parts. Please keep away from children under 3.

Starting Out

There is no right or wrong way to make a bracelet, which makes this kit extra fun!

Though your child may not know it, this kit helps with more than artistic expression. For example, stringing and looping beads requires the use of fine motor skills. Additionally, if they are striving to complete a pattern, their spatial recognition and memory skills will be engaged. Determining the number of beads to use and the length of the bracelet strands requires math, and if you choose, learning to make paper beads provides an opportunity to speak about recycling.

To get started, make sure to consult the instructions provided in the kit!

Feedback

We love to receive feedback. Please let us know about your experience! Email us at cvjuve@wclibrary.info or call (937) 433-8091 or (937) 435-3700 and select option 3.
