

Brain Teaser Box Maker Kit Guide

The Brain Teaser Box is a kit designed to aid in your child's hand-eye coordination and critical thinking and problem-solving skills.

Age Recommendations

The Brain Teaser Box is recommended for children ages 8 and up.

Starting Out

Besides keeping their hands busy, this collection of three dimensional puzzles will help your child challenge their mind. As one wrong move can delay their progress, your child will learn to slow down, consider cause and effect – and therefore – be more intentional in their actions. Additionally, these puzzles will help your child learn about spatial awareness which is critical for later learning about algebra, geometry, and higher-level mathematics.
