

Coin Sorting Maker Kit Guide

The Coin Sorting Kit is designed to teach your child more about money and math!

Age Recommendations

This kit is recommended for kids ages 3 and up.

NOTE: This kit should not be used by children under 3 when coins are present.

Starting Out

Financial literacy is an important part of your child's learning. To learn more about how this relates to reading literacy, see our Money\$marts 'Brary Bags here:

<https://wacpl.na2.iiivega.com/search?query=financial%20literacy&searchType=everything&materialTypes=y&pageNum=0>

This kit is also great for STEM learning! Your child will use hand-eye coordination and fine motor skills to dump coins onto trays, shake them, arrange them, and funnel them into wrapping paper. Additionally, they must learn how many coins fill up one roll and what the total value of one roll equals. Use this opportunity to practice math with your child. Are you short coins to fill up an entire roll? If so, how many more coins would you need, and what would the total value of those coins be? Continue learning by taking your child with you to the bank to make a deposit.

Feedback

We love to receive feedback. Please let us know about your experience! Email us at cvjuve@wclibrary.info or call (937) 433-8091 or (937) 435-3700 and select option 3.

Please consider sharing photos or videos of your coin sorting with us on social media:
