

# Electricity Usage Monitor Maker Kit

## Guide

### Starting Out

Monitor your energy usage and track your efficiency with the Kill A Watt® electricity usage monitor. Simple to use and easy to read, this handy gadget will empower you to save on your electric bills.

With the Kill A Watt® you can cut your energy costs by discovering which appliances are actually worth plugging in. All you need to do is connect your appliance to the Kill A Watt® and it shows what their energy consumption is!

Use this tool to help you calculate your electrical expenses, forecast payments, and see if it is time for a new appliance. As the company says, “with the amazing Kill A Watt® you’ll know “Watts” killing you”.

### Troubleshooting

If you experience problems, please contact the Reference Desk at [cvref@wclibrary.info](mailto:cvref@wclibrary.info).

### Feedback

We would love to hear how your experience was! Please consider sharing photos or videos of your experience with us on social media using #WCPLmakeit.
