

Explore France Maker Kit

Guide

Experience a new culture as you read, play, listen and watch our France-themed collection. This immersive kit will let you feel the thrill of “traveling” from your own home.

Starting Out

Once you have opened the box, the two books, *In a French Kitchen* and *French cooking for Beginners* will provide you with French recipes to cook and enjoy. You can even start listening to the CD's and surround yourself with romantic classics and vintage hits while you work. Then, travel to popular destinations with the included DVD tour. We have also selected two extra movies that are set in France and show various sides of daily life in the country.

Finish off your experience by enjoying the classic French card racing game Mille Bornes! Check out this video to learn how to play: <https://tinyurl.com/5bbc4sm6>.

Looking for more ways to set the mood? We recommend checking out this French Café playlist for over 4 more hours of wonderful music: <https://tinyurl.com/3avmxrz>
