

Explore National Parks Maker Kit

Guide

Broaden your horizons and expand your knowledge as you watch, read about, and explore the national parks. This kit lets you “travel” from your own home and can also help you plan your next national park trip.

Starting Out

Inside the box, there are several books to help you get started on your journey. You will find a cookbook, travel guide, and a visual guide that will help give ideas of things to do on your next national park trip. The national park DVD will take you on a guided tour of several parks and let you experience the beautiful sights and sounds of nature from your home.

Finish off your experience by enjoying the classic game Yahtzee with a fun, national park themed, twist!
