

## Intro to Italian Culture Kit Guide

This kit is designed to give your child an introductory look at the country of Italy.

### Age Recommendations

This kit is recommended for children ages 8 and up.

### Starting Out

Have fun immersing yourself in the culture of Italy! There is no right or wrong way to use this kit – simply have fun learning about one of the countries Americans most travel to.

Marvel at the beautiful *Mona Lisa* puzzle, inspired by Italian-born Leonardo da Vinci's famous painting, while practicing your spatial recognition skills. Practice your engineering know-how to build a replica Roman theater. Express your creative side while listening to and singing famous Italian opera arias. Consider dinner and game night by making homemade pasta and playing the quick-paced Pass the Pasta game. Lastly, learn some easy, conversational Italian phrases to get a feel for the language (which will also help your English literacy skills)!
