

# Jenga® Giant™ Maker Kit

## Guide

Experience the joy of challenge and victory with this classic stacking game. Ideal for family gatherings, picnics, birthdays, and more, it enhances fine motor skills, strategic thinking, and balance. Whether you're with friends, at a party, at work, at the bar, in your backyard, on the lawn, or by yourself, build Jenga blocks with any party size. Perfect for indoor or outdoor use. It's a game that builds anticipation to a crashing climax!

## Starting Out

To set up a Jenga® Giant™ game, place three blocks next to each other, wide side down. Build more stories with alternating block direction, until you have an 18-story tower! The player who set up the tower goes first. The person to the left plays next. Use one hand at a time and remove one block from anywhere below the highest complete story. You can touch blocks to find a loose one, but if you move a block out of place, you must fix it before touching another block. Place your block on the top of the tower. A 3-block story must be completed before a higher one is started. Your turn ends 10 seconds after you stack your block or as soon as the next player has touched a block. Keep removing and stacking blocks until someone topples the tower!

## Troubleshooting

If you experience problems, please contact the Reference Desk at [cvref@wclibrary.info](mailto:cvref@wclibrary.info)
