

Jewelry Making Maker Kit

Guide

The art of wire wrapping jewelry is done by taking wire and wrapping it around itself or other materials (like beads) to make jewelry. You can make pendants, bracelets, and even rings from this method of jewelry crafting.

Project Ideas

In this kit, we've included a book on jewelry making, crafting tools, wire, and some beads to practice with. If you still need some project inspiration, head over to [CreativeBug](#) for detailed video tutorials.

We have a wide selection of additional jewelry making books and videos in our collection. Find them in our catalog at: <https://bit.ly/2JZouZk>.
