

## SNOW Much Fun Maker Kit Guide

This kit is designed to provide hours of entertainment and play!

### Age Recommendations

This kit is recommended for kids ages 3 and up.

### Starting Out

Everyone knows that physical activity is correlated with a longer, healthier life. But did you know that leading a healthy, active lifestyle is also a great way to improve literacy?

In our modern world, the definition of literacy has evolved beyond just knowing how to read and write. Being “literate” now includes the knowledge one needs to properly take care of their body. This maker kit will help your child grow their physical literacy by engaging their imagination and motor skills while challenging them physically. Watch them run up and down sledding hills! Help them concoct a strategy for building a snow fort. Play snow tag or have a snowball match...the possibilities are endless – even in the snow and cold!

Enough talk. Grab some toys and get moving!
