

Spirograph Deluxe Maker Kit Guide

Spirograph Deluxe is a kit that inspires young artists to make unique, intricate designs.

Age Recommendations

This Spirograph set is recommended for children ages 8 and up.

Starting Out

Did you know that Spirograph was originally used as a drafting tool for mechanical engineers? Now more commonly enjoyed by children, Spirograph is a way to create art using the principles of geometry and mathematics.

First, take all of the pieces out of the box. Then, choose a pen, wheel, and ring. Grab a piece of paper. Place the ring down first, inserting the smaller wheel inside. Then, place the pen tip into one of the wheel holes. Hold down the ring with one hand, and move the pen with the other, making sure to keep the teeth of the ring and wheel interlocked as you go. Watch your beautiful design (called a roulette curve) come to life!

Remember, Spirograph has no right or wrong answers. The pieces are intuitive and fun to mix and match. Allow your child to explore, play, and learn. If you need ideas, be sure to check out the included Spirograph Design pages.

Troubleshooting
