

Watercolors Maker Kit Guide

The Watercolors Maker Kit is designed to let your child be creative while learning about a specific medium.

Age Recommendations

This kit is recommended for kids ages 4-12.

NOTE: Please provide extra supervision with younger children to ensure the included books do not sustain water damage.

Starting Out

There is no right or wrong way to paint, which makes this kit extra fun!

Though your child may not know it, this kit helps with more than artistic expression. For example, to paint within the lines of the pictures, your child must use concentration and fine motor skills. Additionally, they will learn how to create new colors by mixing palette offerings together. They may further expand their color options by adding more or less water to the palette to change its opacity. If they are up for it, challenge them to add depth and perspective to their paintings by experimenting with shading – tips and ideas can be found in the included books!
