Magna-Tiles Maker Kit Guide

Magna-Tiles is a building kit designed for hands-on free play and learning.

Age Recommendations
Magna-Tiles is recommended for children ages 3 and up.

Starting Out
With brightly colored magnets of different sizes and shapes, Magna-Tiles is designed to engage the mind and creative spirit of the child through the building of 2D and 3D structures. First, take all of the pieces out of the box. Then, create a prompt for your child. For example prompts, view the Magna-Tiles Play Book included with this kit.

Remember, Magna-Tiles has no right or wrong answers. The pieces are intuitive and fun to figure out. Allow your child to explore, play, and learn.

Troubleshooting
For further project plan ideas, visit the Magna-Tiles website here:
