

Weaving Loom Maker Kit Guide

The Weaving Loom Maker Kit is designed to inspire your child's creativity while practicing fine motor skills.

Age Recommendations

This kit is recommended for kids ages 5 and up.

Starting Out

Though a rather simple skill once you have the hang of it, loom weaving is a satisfying and educational activity that your child will love!

The repetitive action of weaving is a calming, mindful activity and the vibrant loop colors allow your child to engage themselves artistically as they choose a pattern to create and repeat. Not only is pattern recognition an important math (and reading) concept but hooking the loops and weaving them in and out will help your child to practice fine motor skills.

Follow the instructions provided to get started!
