

Video Capture Maker Kit

Guide

Starting Out

Transfer video from a VCR or other analog video source to your Mac or PC with this simple device. Start by removing the Video Capture unit from the box and plugging it in to your computer and the video source. Download and install the Video Capture application and follow the instructions in the setup wizard.

Download the application here: <https://www.elgato.com/en/downloads>

This video shows a walkthrough of how to install the application and then use the Video Capture device: <https://www.youtube.com/watch?v=USuVnUi67-Q>

Troubleshooting

If you experience problems, please contact the Reference Desk at cvref@wcpl.lib.oh.us.

Feedback

We would love to hear how your experience was! Please let us know if this maker kit helped you restore old photos or assisted in saving your photo collection.
